Accenture Federal Services

Accenture Federal Services, a US company and wholly owned subsidiary of Accenture LLP, helps clients change how people work and live, for a safer, healthier, and more prosperous nation. We do work that matters at the heart of our nation’s top priorities. Our 6,500 people help clients accelerate their journey from idea to outcomes, by bringing together insights and innovations with our digital, technology, operations, and consulting services. Our delivery excellence and flexible, scalable, high-performing platforms help clients create value quickly for their customers and their mission.

Our four growth platforms—Accenture Strategy, Accenture Digital, Accenture Technology, Accenture Operations—are the innovation engines through which we build world-class skills and capabilities; develop knowledge capital; and create, acquire and manage key assets central to the development of integrated services and solutions for our clients.

Deutsche Bank Graduate Programme – Group Technology

Group Technology pioneers technologies and re-engineers business processes to deliver innovative solutions and world-class client services. We develop, implement, maintain and protect business critical technology, and create the core systems that that process trades, assess risks and deliver data.

Your training

Joining us as a Developer, you’ll learn how we work with front-office businesses, as well as external clients, to provide core operational services and IT systems expertise.

Your training starts with an invaluable induction that will give you broad business, technical and product knowledge. Our senior leadership will share their vision for Deutsche Bank with you. You'll then begin to deepen your expertise in IT, starting with a thorough grounding in our Development functions and how they fit together to deliver technology solutions for the Bank. Meanwhile, a schedule of networking events will help you start building vital business relationships.

After that, expect to benefit from some of the best technical and soft-skills training around. Fast-paced, interactive and ongoing, it will cover the technical skills you need as well as business skills & knowledge. At the same time, you’ll work alongside, and learn from, exceptionally talented colleagues. It’s a combination that will equip you to make an early impact on what we do best - generating inventive, effective solutions for our clients.

Your role

Currently offering
- Full-time positions
- Summer internships
Today's banking world is at the forefront of technological advances. At Deutsche Bank you'll have the chance to apply your ideas to complex challenges and use your passion to drive change and push boundaries. And with sites across the world, we can offer you fast-growing roles outside the main financial centres too.

Joining us in Cary, North Carolina, you'll launch your career in a true business and research hub, frequently ranked one of the best places to live in the USA by Money Magazine.

Your day-to-day tasks will vary according to your precise role. Development focuses on more technical skills such as coding, testing and software design. But whatever you’re doing, you’ll be a key member of the team, sharing your ideas and shouldering real responsibility. Your learning curve will be steep. But you’ll enjoy plenty of support from managers and mentors, as well as unparalleled international exposure.

EOS.IO

EOS.IO, a blockchain software, is the latest project launched by a group of serial tech entrepreneurs and established professionals that believe in the disruptive nature of blockchain technology. EOS.IO software will allow developers and businesses to build real enterprise-level applications on the blockchain and permit, amongst other things, the parallel processing of transactions and the elimination of transaction fees.

Dan Larimer, our CTO, has successfully built a number of working blockchains and decentralized applications including Bitshares and Steemit that collectively represent current daily blockchain transactions (which presently surpasses the number of daily transactions on both the Bitcoin and Ethereum blockchains, respectively).

Our management team and shareholders are comprised of key and influential experts and stakeholders within the blockchain industry, including those who have already launched successful startups, as well as seasoned professionals from financial and legal institutions who have a strong track record of success.

**Perfect Sense**

Founded in 2008 by technology executives David Gang and Lisa Beaudoin, Perfect Sense is a full-service product company that capitalizes on its enterprise digital application development platform, Brightspot, to drive innovations in web and mobile development for corporations worldwide. Perfect Sense originally created and now actively supports the Brightspot platform, which powers dynamic and highly engaging consumer
experiences.

Such leading corporations as Coca-Cola Company, Walmart, Univision, US News and World Report, Scripps Networks Interactive, Special Olympics, and many more are deploying Brightspot’s platform to materially change the way they do business online. Our partners benefit significantly from having increased flexibility as business requirements change, the ability to launch new sites and make updates more quickly, and fewer resource requirements to manage their digital initiatives. As Brightspot’s adoption rate increases, our partners continue to drive valuable enhancements that benefit everyone.

Our capabilities include product strategy and development, experience and visual design, multi-platform software development, content services, SEO analysis, and 24x7 hosting and operations. Our expertise enables us to deliver integrated web systems for our partners, including innovative websites, publishing platforms, online revenue programs, and metrics dashboards that drive brand awareness, expand capabilities, improve performance, and build relationships between publishers and users.

Perfect Sense offers competitive salary and benefits, including health and dental insurance, life insurance, 401k with employer match and 3 weeks vacation.

Qualcomm

Qualcomm is creating breakthroughs in mobile technology that will help the future arrive faster. The technologies we create help connect people around the world, improve education, transform healthcare and enhance the lives of all who use it. Billions, maybe trillions of times a day...that’s how often people around the world touch something made better or even possible by Qualcomm. It could be the smartphone in your pocket, the tablet on your coffee table, that wireless modem in your briefcase... it could even be that navigation system in your car or that action camera strapped to your chest.

Qualcomm is a FORTUNE 500® company and a global leader in developing and delivering next-generation wireless technology. Headquartered in San Diego, California, Qualcomm partners with network operators, device and infrastructure manufacturers, application developers and content providers around the world to improve people’s lives through wireless communications. Through the corporate values of Innovation, Execution and Partnership, Qualcomm is spearheading the evolution and growth of 3G wireless with 7,000+ patents and patent applications for CDMA, WCDMA and related technologies.

We’ve been called dreamers, inventors, rebels, risk takers, pioneers and geeks. We embrace those labels because in many ways, they’re true. We dream big. We invent bigger. And most importantly, we often do what many thought was impossible.
So, if you can’t wait for the future to arrive, we can’t wait to talk to you.

Rackspace

Rackspace, the #1 managed cloud company, helps businesses tap the power of cloud computing without the complexity and cost of managing it all on their own. Sageworks

Sageworks is a financial information company that provides lending, credit risk and portfolio risk solutions to financial institutions and financial analysis and valuation applications to accounting firms and private companies. Through these applications, we have created the largest real-time database of private-company financial information in the United States.

Banks and credit unions leverage Sageworks’ software to grow more profitably while reducing risk. Solutions assist with business development, data collection and origination, decisioning and pricing, loan monitoring, risk identification and the allowance for loan and lease loss (ALLL) calculation under current GAAP and the Current Expected Credit Loss (CECL) model. Through end-to-end automation for the full life of the loan, these institutions can better customer experience, increase defensibility of decisions, understand risk in the portfolio and optimize capital deployment.

TMA

Our Mission:

We live in a world of infinite problems. We provide rapid supportable solutions engineered to meet mission objectives and proceed to the next challenge.

We collaborate with our customers. Our innovative engineers hunt for the best mission solution without requiring ownership of the answer. Our commitment to the customer is unassailable.

We’re at war with proprietary solutions that narrow our customers’ options and stunt progress. Our solutions ensure the community can leverage, extend, and integrate next generation capabilities delivering sustained relevancy.

We believe in a work hard/play hard culture. Our empowered employees solve complex problems every day wearing blue jeans and polos, because the only thing that matters is getting the right answer for the mission.

We are making the world a better place.
TMA is an employee-owned company, headquartered in Chantilly, VA. Founded in 1993, TMA is a leading services and solutions provider to the Department of Defense and the Intelligence Community.

Our capabilities include: National Tactical Integration, Mission Building and Analysis, Digital Signal Processing, System Integration, Network Engineering, Big Data Analytics, Secure Cloud, and Edge Computing.

Specific areas of expertise include: Software Development, DSP & Exploitation, Network Engineering, and Mission Critical Support Operations.

Joining the TMA team affords you access to a robust and generous Total Rewards package which includes:

- Competitive base pay
- Individual Benefits Account (IBA) which includes: A 48% contribution of your monthly base salary to your IBA. 18% of this amount automatically becomes an employer contribution to your TMA-defined retirement plan. The remaining amount, or 30% of your base pay, can be used for medical expenses, paid time off, additional retirement contributions or additional taxable income.

TMA is committed to the welfare and success of our employees; we strive to ensure that our culture, work products, and partnerships represent our Core Values of: Innovation, Collaboration, Integrity, and Commitment.

Come grow with us. Learn more at http://tmamission.com/

Visa

Imagine working for one of the pioneers in the payment technology space. The kind of company that’s been setting the bar for the way people pay and get paid for more than 50 years, and continues to innovate on a global scale. Now imagine that company is less than 10,000 employees worldwide, small enough that you’ll actually have an impact and do some amazing things. Sounds pretty awesome. Well, that company exists and it’s Visa.

Yep, Visa.

Imagine, in a single day, the diversity of transactions that Visa manages – from gaming enthusiasts who buy virtual goods to advance a level, to a small business merchant launching their first ecommerce business to a large consumer brand hitting their largest single-day sale. Now multiply transactions and interactions like that by millions on a global scale – that’s Visa. It is a multi-billion dollar market that has experienced year over year growth!

Walmart Technology/Labs

Wal-Mart has over 8,000 Wal-Mart stores and Sam’s Club locations in 28 markets worldwide, serving more than 100 million customers annually. Around the world, we save people money, so they can live better. We see opportunities to help people live better, and you could join this global movement – apply today!

WillowTree, Inc.

Founded in 2008, WillowTree is a mobile design and development agency whose mission is to bring together a team of smart, motivated people who take pride in their work and strive to be the best in mobile. We foster a collaborative environment that focuses on continuous
collaborative environment that focuses on continuous learning and unlimited opportunities to have a big impact; and, of course, we also ship lots of code!

At WillowTree, we work with companies like Zappos, PepsiCo, HBO, and Mattel to solve real-world UX strategy, design, and technical problems. There's always something new and exciting to work on, and the results of our efforts get shipped to users' devices every day.
